 Omaha, Sept. 15.—Earl Caldwell, a machinist, who recently came here from Chicago, was killed in the street here early Sunday. The tragedy is an outgrowth of the Union Pacific strike. Caldwell and another strike breaker, who came into the city from the shops, were set upon by six men and terribly beaten. Caldwell's companion escaped, but when help came in answer to Caldwell's cries he was unconscious. He died soon afterward.

END OF A HONEYMOON.
 Rich Mine Owner Goes Insane and Suicides at Saginaw, Mich.
 Detroit, Mich., Sept. 15.—A special to the Free Press from Saginaw, Mich., says that Charles B. Robson of Atlin, B. C., a rich mine owner, ended a two days' honeymoon by going insane and jumping in the river after forcing his bride to walk through the streets with him at 2:45 a. m. in her night robe. He was married Friday to Miss Phoebe Grant Stephens of Saginaw. The river is being dragged for Robson's body.

MYSTERY CROWS DEEPER.
 Italian Countess Arrested for Complicity in Her Husband's Murder.
 Rome, Sept. 15.—The Countess Bon Martini, wife of Count Bon Martini, who was assassinated at Bologna by Tullio Murri, his brother-in-law, has been arrested on the charge of complicity in the murder of her husband. It is alleged that the countess spurred her brother on to commit the crime.
 Dr. Naldi, an intimate friend of Tullio Murri, who confessed to the murder of the count last week, has given himself up as implicated in the crime.
 The mystery of this case grows deeper every day, and it is being followed in Italy with great interest. Doubt is now thrown upon the genuineness of Tullio Murri's confession, and it is said he took the responsibility of the crime upon his own shoulders. It is also alleged that the countess Bon Martini induced her brother to hire Dr. Naldi to assassinate the count. In spite of the evidence against her, which the police believe to be convincing, the countess protests her innocence. Professor Murri, father of the countess and the confessed murderer of her husband, fainted when he witnessed the arrest of his daughter.

ELEVEN PEOPLE DEAD

VICTIMS UNABLE TO ESCAPE FROM FOREST FIRES IN WASHINGTON.

HUNDREDS ARE HOMELESS

Flames Sweep Everything Before Them for a Distance of Twenty-five Miles—Number of Persons Missing and It Is More Than Likely They Have Perished—Two Boys Perish in Oregon.

Portland, Ore., Sept. 15.—Driven from their homes in the darkness of the night by a raging forest fire which swept everything before it from Ariel, Cowlitz county, Wash., to the foot of Mount St. Helens, a distance of twenty-five miles, eleven people are dead, four are missing and over 200 people have been left homeless, many with not even enough clothes to cover them. The dead in Cowlitz county as far as known are: D. L. Wallace, wife and two children; twelve-year-old son of Mr. Hanley; John Pollick, his brother and child; W. E. Newhouse, and Mrs. Garves.

Four men who were working a claim belonging to James Hawthorne have not been found and it is thought they are dead. Some fifty or sixty people were camped at the lake at the foot of Mount St. Helens and have not been heard from since the fire. It is not known whether they escaped or not.

The first news of the devastation was brought to this city by Milo M. Dimmick, who experienced many difficulties in making the trip to send aid to the sufferers. From the description the suffering there is great and the devastation is the most appalling of any that has been reported. For a stretch of twenty-five miles, he says, there are but two houses standing. The fine timber on which these people expected to realize has all been destroyed. The fire came upon them in the night and entirely unexpectedly. "I had scarcely time to get to the river myself," said Dimmick, "when the flames were upon me, and if I had tried to save anyone else we would not have gotten away."

TWO BOYS PERISH.

Over Three Hundred People Homeless as Result of Forest Fires.

Portland, Ore., Sept. 15.—About 300 people are left homeless in Multnomah and Clackamas counties, as a result of the forest fires that have raged for the past week.

In the fire that destroyed the town of Palmer, near Bridal Veil, two boys named Hamilton were caught while trying to escape from the flames and burned to death.

The timber losses in Clackamas county have been immense and the whole length of the Clackamas river presents nothing but vistas of ruined settlements. The most distressing losses have been those suffered in the vicinity of Spring Water, Clackamas county and Lentz. There is no way of securing a correct estimate of the loss, but it will certainly exceed \$1,000,000 in this state.

GERMAN BARK FOUNDERS.

Explosion on Board Sinks Her and Kills Seven of the Crew.

Las Palmas, Canary Island, Sept. 15.—The British steamer Rydal Hall, Captain Curtis, from Liverpool for Port Natal, reports having seen the German bark Euterpe, Captain Kauffmann, from Port Talbot, Wales, founder Sept. 8 in lat. 49.36 N., long. 8.13 W. An explosion had occurred on board the Euterpe, killing seven of her crew and injuring several. The survivors of the Euterpe were landed here.

WORSE THAN BEES.

Indiana Man Backs Away From a Nest and Is Killed by a Train.

Alexandria, Ind., Sept. 15.—Bumble bees were responsible for the killing of Sectionman Alonzo Young by a Big Four passenger train three miles north of this city. Young stepped off the track to let the train pass and walked into a big nest of the bees, whose sudden attack so disconcerted him, that to escape he evidently stepped back onto the track in front of the train.

TWO YOUNG LIVES LOST.

Children Burned to Death in North St. Paul by Kerosene Explosion.

St. Paul, Sept. 15.—Two children lost their lives in a fire at North St. Paul. They were Annie Moritz, aged seventeen, and Louis Moritz, aged two years. The mother was in St. Paul. The girl rose to start the fire to hasten which she used kerosene. An explosion occurred, setting fire to the house. The father in his effort to save his children was badly burned.

FIFTY PEOPLE DROWNED.

CALLED HIMSELF THE MESSIAH.

Leader of an Eccentric Sect Mobbed in London.

London, Sept. 15.—Extraordinary scenes, verging upon riot occurred at Clapton, where nearly 5,000 persons attempted to mob a former Episcopalian clergyman named Smyth Piggott, who is now the leader of an eccentric sect called the "Agapemonites."

Piggott last week announced himself as the Messiah. Exposures of the man which filled many columns in the newspapers heightened public interest in the matter to such a pitch that Piggott was only taken from the mob by the efforts of mounted policemen. In spite of warnings the chapel in which Piggott held services was invaded by jeering crowds, but in the face of howling disorder Piggott again affirmed that he was the Christ.

AMBASSADOR TO GERMANY.

List of Candidates Submitted to Foreign Office.

Berlin, Sept. 15.—The foreign office has received from the German embassy at Washington a memorandum of inquiry made by Secretary Hay as to whether it would be agreeable to receive as ambassador in succession to Mr. White, Charlemagne Tower, the present United States ambassador at St. Petersburg; Bellamy Storer, now United States minister at Madrid, or David J. Hill, assistant secretary of state. The foreign office has instructed the German charge d'affaires to say that any one of the three is acceptable. The impression here is that Mr. Tower is the most likely to be appointed.

RECEIVES HURRY ORDERS.

Auxiliary Cruiser Panther Starts for Colon, Colombia.

Philadelphia, Sept. 15.—In response to hurry orders from Washington the auxiliary cruiser Panther, in command of Captain Wilson, left the League Island Navy yard at 6:15 o'clock p. m. for Colon. On board of the Panther is a battalion of marines, numbering 320 men, who are in command of Lieutenant Colonel B. R. Russell.

The cruiser took along a battery of four Colt rapid fire guns, two other field pieces and ample ammunition. When the orders were received the Panther had on a full supply of coal and was in every way prepared to go.

CORBETT-MCGOVERN FIGHT.

Kentucky's Governor Takes Steps to Prevent the Contest.

Frankfort, Ky., Sept. 15.—Governor Beckham has decided that legal steps should be taken to prevent the proposed contest between Young Corbett and Terry McGovern before the Southern Athletic club at Louisville on Sept. 22 if it is to be a prize fight and in violation of the Kentucky laws. He will hand to Attorney General Clifton J. Pratt a letter requesting him at once to institute proceedings to determine whether the contest is to be a prize fight or only a boxing contest, the latter being permitted.

FATAL FALL BURIES HIM.

Thrashing Engine Goes Through Bridge and Kills Engineer.

Sioux Falls, S. D., Sept. 15.—While crossing a bridge over a small creek a few miles northwest of Sioux Falls, a thrashing engine belonging to Jack Meyers broke through, burying and instantly killing Abe Devoe, the engineer. Jackscrews and other appliances have been taken from Sioux Falls to raise the engine and release the body. Devoe, who was a Frenchman, has been in this part of the country only about a month, coming, it is said, from Illinois. He had no family so far as known.

QUEEN OF THE BELGIANS DYING.

Has Long Been Ill With a Malady of the Heart.

Brussels, Sept. 15.—The Soir says the condition of Marie Henrietta, queen of the Belgians, is hopeless and that King Leopold will probably be obliged to shorten his visit at Bagneres de Luchon, France, in consequence.

Queen Marie Henrietta has long been ill with a malady of the heart. She is at Spa and it was reported from there last Thursday that the queen had been seized by a severe attack of asthma.

KILLED IN ANTI-SEMITIC RIOT.
 Fourteen Jews and One Gendarme Slain in Polish Outbreak.
 Vienna, Sept. 14.—A serious anti-semitic outbreak has occurred at Czenstochowa, a pilgrim resort in Poland. The military was summoned to restore order.

BURN WOMAN VICTIM.
 Tramps Criminally Assault Her and Then Loot the House.
 Beatrice, Neb., Sept. 15.—Mrs. Kate Fournell, living with her parents near Steinhour, was criminally assaulted by tramps, who then murdered her and dragged her body into the yard, where they set fire to her clothing. When the clothing was entirely burned from the body, the woman had been left in charge of the home by her mother and brother, who had gone to town, and who discovered her dead body when they returned. The men had evidently broken open the house, which they looted after committing the crime. A pack of bloodhounds has been put on the trail.

LOCATION OF VOTING BOOTHS.

First Ward—Central Hose House.
 Second Ward—Old Electric Light Station, Main street, back of Northern Pacific depot.
 Third Ward—Hose House.
 Fourth Ward—Hose House.
 Fifth Ward—Kaatz building, 407 Seventh street, near Windsor hotel.

Primary elections will be held in each of the five voting precincts in the city tomorrow, the polls being open from 6 a. m. until 9 p. m.

It is the duty of every citizen, irrespective of politics, to attend these primaries and cast his vote for his choice of party nominees.

The law was framed and passed by the legislature in order that every voter should have the right to a voice in placing men in nomination for the various offices. If that right is not exercised and men are nominated tomorrow who do not suit you it is your own fault.

If the vote is exceedingly light, so much so as to indicate a disposition to disregard it, it is altogether probable that it will be repealed at the next session of the legislature. It is up to the people to say whether they desire a voice in regulating party nominations or not.

The Northern Pacific foundry will close from 12 until 2 tomorrow in order to allow the men time to attend the primary election and vote.

The Brainerd Lumber company will shut down a portion of the afternoon tomorrow in order to give the men a chance to vote. notices will be posted in the morning giving the time. The night crew will have time to vote in coming from work tomorrow morning or going to work tomorrow evening.

The Minnesota & International railroad have notified their employes that they may have time to attend the primaries.

The matter of allowing the men at the Northern Pacific shops an hour in which to vote has been taken up by Mr. Bean with the general manager of the road and undoubtedly will be granted but word as to the exact time could not be gotten for this evening's edition of the DISPATCH.

REPUBLICAN STATE TICKET.
For Governor—

For Lieutenant-Governor—
RAY W. JONES
For Secretary of State—
PETER E. HANSON
For Auditor—
SAMUEL G. IVERSON
For Attorney-General—
WALLACE B. DOUGLAS
For Treasurer—
JULIUS BLOCK
For Clerk of the Supreme Court—
C. A. PIDGEON
For Railroad and Warehouse Com'r—
CHARLES F. STAPLES
For Member of Congress, 6th Dist.—
C. B. BUCKMAN.
For Senator, 48th District.
A. F. FERRIS.
For Representatives, 48th District.
H. A. RIDER.
I. W. BOUCK.

It is your duty to vote at the primary election tomorrow.
You have no business on hand as important tomorrow as your duty to cast your ballot at the primary election.

For the lack of one vote tomorrow the man you wish to see nominated for a certain office may be defeated. Vote and see that your friends vote.

TOMORROW is the first day of registration for the fall election, as well as primary election day. You register and vote at the same time and place.

The Litchfield Review howls lustily "Who is Buckman," and the answer is echoed back that he is the next congressman from the Sixth district.

The polls will be open from 6 a. m. until 9 p. m., and there is no excuse for not casting your vote at the primary election tomorrow. Those who do not exercise this right certainly have no interest in good government.

A VOTE for C. B. Buckman for congress is practically a vote for a home man and your vote is needed to place him in nomination. If he fails in the nomination the democrats feel certain they will be able to elect their candidate in November. Cast your ballot for Buckman and make this impossible.

THE democratic St. Cloud Times says Foster will be nominated for congress and that DuBois will beat Foster at the polls and urges republicans to vote for Foster. The whole matter summed up by the democratic press of the Sixth district is that a republican vote for Foster at the primary election is a democratic vote for DuBois at the November election. There is no question but that a republican congressman will be elected from this district this fall if C. B. Buckman is nominated at the primary election tomorrow—the democrats know they will be unable to beat him at the polls in November and they are using every means in their power to turn republican votes from him to the Meeker county candidate and if it were possible they would have their democratic friends vote for him in order to dictate who the republicans should pit against their candidate—and no one for a moment thinks they would urge the nomination of a republican who would stand a ghost of a show at the election. By the election of Mr. Buckman to congress Brainerd and Crow Wing county will have a friend in the national legislature, who will stand by our interests. He is practically a home man. Give him your support at the primaries tomorrow and you will have no cause to regret your action.

For forty years Dr. Fowler's Extract of Wild Strawberry has been curing summer complaint, dysentery, diarrhoea, bloody flux, pain in the stomach, and it has never yet failed to do everything claimed for it.

SOLD OUT TODAY

W. J. Weddell, of Milbank, S. D., Is Purchaser and He Takes Possession at Once.

SURPRISE IN BUSINESS CIRCLES.

Mr. Mahoney Gives as His Reason That He Has Overworked and Needs the Rest.

Quite a surprise was sprung in business circles this morning when it was announced that D. Mahoney, Front street grocer, bakery man and confectioner, had sold out his entire business to a gentleman by the name of W. J. Weddell, of Milbank, S. D. Mr. Mahoney kept the matter very quiet and his most intimate friends were not aware that such a deal was pending until it had been consummated. The consideration was not made known.

Mr. Mahoney had built up a very large trade, especially in the bakery line, and had the confidence of the entire city. He had succeeded well and has earned a vacation. He gives as a cause for his selling out that he has overworked and needed rest. His many friends will wish him success in whatever line he undertakes.

Mr. Weddell comes to Brainerd highly recommended. He has been in business in that city for years and is a baker of more than ordinary ability.

WANTED TO DIE TOGETHER.

Young Woman Dead and Her Lover Has a Serious Wound.

Recheater, N. Y., Sept. 15.—Ethel B. Dingle, a very pretty girl, lies dead from a wound in her throat, while Leland Dorr Kent is at the homeopathic hospital, his throat also slashed, but not fatally. Kent's statement to the coroner has not been made public, but he claims that the girl wounded him and then killed herself. His story is doubted.

The couple came from Buffalo and registered at the Whitcomb House as L. D. Kent and wife. They were found in their room during the day, the girl dead, the man wild and raving. A razor was in the girl's left hand and several powerful drugs were found in small bottles in the room.

Detectives are guarding Kent, who would have graduated from the medical school of Buffalo university next year. He has a wife and little son in that city. The girl was a Canadian and has been a nurse in Riverside hospital most of the four years past, but was discharged from there a few weeks ago. The intimacy of the two dates back only two months and, according to what can be secured of Kent's story, they wanted to die together.

PLEADS GUILTY TO MURDER.

G. A. Larson Given a Life Sentence in Minnesota State Prison.

Alexandria, Minn., Sept. 15.—Gustaf A. Larson, who swore that he was the coerced tool of Andrew Jacobson, pleaded guilty to the charge of murder in the first degree for the killing of Magnus Johnson March 24 last. The jury that tried Jacobson declared that defendant not guilty and he was discharged after a severe lecture by the court.

Gustaf A. Larson was given a life sentence at hard labor in the state prison at Stillwater.

Dr. H. J. Boyd reported to the court that he had made an examination and was convinced of Larson's sanity and mental ability to distinguish right from wrong.

Larson's story to the court was a straightforward one. One of its salient features was his evident desire not to conceal any phase of his connection with the crime.

Magnus Johnson was killed while he was at work in his granary, death being caused by gunshot wounds. Johnson lived alone and was reputed to have considerable wealth about his place. This belief has not been justified by developments, however.

EDWARD H. WHITE
FINALLY SUCCUMBS

Another Old Resident of the City
Passes Away After an
Extended Illness.
LIVED HERE TWENTY YEARS.

Until About a Year Ago He was
Engaged in Business Here
and is Well Known.

Edward H. White is dead. The news of his demise is not a surprise to the many in the city who have known him, for he has been in poor health for a long time and the inevitable moment came none sooner than was expected. His soul passed out and beyond into eternity at 12:10 o'clock Sunday afternoon.

In the death of Mr. White, Brainerd loses another of its most prominent citizens. He was not particularly prominent in business and fraternal circles, but all who had become acquainted with him learned to love him for other qualities that lie deeper and firmer in some lives. He had lived a retiring life but those who came in contact with him were able to discern some rare qualities of manhood. He was generous and kindly and in many ways had performed many philanthropic acts.

Mr. White was born at Morih, N. Y., December 16, 1836, so that he would be 64 years of age if he had lived until next December. He moved with his parents when very young to Whiting, Me., the town named after members of his family. This was the town where the late Hon. L. P. White lived and the two were closely related, E. H. White being a nephew of L. P. White.

Deceased came to Brainerd about twenty years ago. He worked for a time as salesman in various stores in the city but finally engaged in business for himself, running the gun store on Front street, where he was located up to the time he was compelled to retire about a year ago on account of ill health.

He leaves besides a loving wife to

mourn the loss four children, Mrs. W. A. M. Johnston, of this city; Mrs. J. G. Harris, of Cloverport, Ky.; Edward H. White, Jr., of Benton, Mich., and Harry White, of Irving, Kentucky.

The funeral arrangements will not be completed until the children are heard from.

NARROW ESCAPE FROM DEATH.

A Well Known East Brainerd Resident
Is Hit by a 22-Bullet While
Riding His Wheel.

Last evening as John Carlson was leisurely riding his wheel on his way down town he was hit in the abdomen just below the navel by a stray bullet and fell from his wheel in a semi-unconscious condition. At first it was thought that the bullet had entered the abdomen and that the result would be serious. The injured man was removed to Dr. Round's office and the wound was dressed. It was found that the bullet had penetrated the skin and had run along under the muscles for a space of five or six inches and then out again, so the injury was very slight unless the bullet was infected and after results will follow.

The bullet is thought to have come from a rifle in the hands of a young boy in the vicinity of East Brainerd. The boys in that part of the city are said to get out rather promiscuously with their guns and regardless of where they are, shoot at birds and squirrels, thus endangering the lives of those who live in that vicinity.

MEMORY OF MCKINLEY.

Services Held Last Night in the Churches of the City Appropriate For the Event.

Services commemorating the first anniversary of the death of the late William McKinley were held in the various churches of the city last night. Stirring and eloquent addresses were listened to by the congregations at the First Congregational and Presbyterian church. At the former Hon. W. A. Fleming and Rev. M. L. Hutton spoke and at the latter Rev. A. H. Carver gave a brief but eloquent address.

ANOTHER DEATH AT PEQUOT.

Jacobson Ennes Succumbs Suddenly After Attack of Heart
Trouble Last Night.

Erick Erickson, the man who was so badly injured in his mill at Pequot last week, died last night at the St. Joseph's hospital, from the effects of the injuries received and his remains were shipped back to Pequot this afternoon. It will be remembered that Erickson was hit in the head by a piece of the fly wheel in the mill and his skull was fractured.

Another very sudden death occurred at Pequot last night. Jacobson Ennes died very suddenly of heart trouble. He was 60 years of age and was one of the most prosperous farmers in that vicinity. He attended church last night and shortly after reaching home toppled over and died almost instantly. He leaves a wife and several children.

MUSIC AND DRAMA.

"ON THE STROKE OF TWELVE."

"On the Stroke of Twelve," a powerful melodrama by Joseph le Grande, will be the attraction at the Opera house Monday, Sept. 22. The story of the play is logical and well told in a series of exciting, yet plausible, incidents. The first act shows Elmhurst, the suburban residence of Henry Rutledge, a millionaire. The second act is another scene in the same house. Third act takes place at Blackwell's Island, the celebrated New York prison. Act four shows the audience a counterfeiter's den in full operation. The fifth and last act brings the characters and plot back to Elmhurst where retribution and justice finally overtakes the villain. The working out of the plot is exceptional in that the villain is not apprehended until the moment before the fall of the final curtain. It is usual in most melodramas to have the villain in the hands of the police.

The play will be adequately acted by competent players, and a complete stage setting will be given it.

ELLERY'S ROYAL ITALIAN BAND.

The big musical event of the season will unquestionably be the grand concert at the Brainerd Opera House on Wednesday evening, Sept. 24th, by Ellery's Royal Italian Band. This is the greatest concert band that has ever toured this continent. Last year it created a veritable furor wherever it appeared and this season even more enthusiasm is evidenced because of the new leader, Cavaliere Rivela, who is one of Italy's foremost musical directors. He has been decorated by the King of Italy for his services to music. The band now numbers fifty-five instrumentalists, most of whom are solo artists. Sig. Setaro, the harp soloist is also with the band. Music-lovers of this city may well congratulate themselves on the opportunity offered them to hear this superb band which is only playing the big cities in its ordinary route across the continent.

BEN HUR COMPANY.

An attraction at the Brainerd Opera House for Saturday night will be the Ben Hur entertainment, which will be of interest, as it is a Brainerd enterprise largely. A large machine will throw on canvass, pictures of the Ben Hur period, including the chariot races etc. Rev. S. W. Hoyer will deliver the lecture which the pictures illustrate and the evening will be a very pleasant one.

WORK ON SUPERSTRUCTURE.

Of the New Northern Pacific Freight House Commenced Today With Big Force Of Men.

A large force of men commenced work today on the superstructure of the new freight house being erected by the Northern Pacific in this city on Front street. The last month has been consumed on the foundation and this part of the building alone is one of the most elaborately constructed pieces of work in the northwest. Besides consuming a whole month of time with a crew of from twenty to fifty men with teams, the amount of material used runs into the thousands. Eighty-three car loads of sand were dumped on the inside of the foundation. The wall is solid concrete and is inbedded several feet in the ground.

AFTER A LONG ILLNESS

WILLIAM SCOTT STRATTON EX-
PIRES AT HIS HOME IN
COLORADO SPRINGS.

MILLIONAIRE MINING MAN

Had Been in a Critical Condition for
Several Weeks and His Death Was
Expected at Any Time—Made a
Fortune in Gold Mines at Cripple
Creek, His Wealth Being Estimated
at Fifteen to Fifty Million.

Colorado Springs, Colo., Sept. 15.—
William Scott Stratton, the millionaire
mining man, died at 9:30 p. m.
Mr. Stratton had been ill for sev-
eral months. He had been in a crit-
ical condition for several weeks and
his death was expected at any time.
He had been unconscious throughout
the day and the relatives, including a
sister, Mrs. Jennie Cobb of Frankfort,
Cal., who was the only near relative
who survives Mr. Stratton, did not
leave his bedside at any time.

Mr. Stratton was born at Jefferson-
ville, Ind., in 1848. After an education
in the city schools of Jeffersonville he
mastered the carpenter's trade. He
came to Colorado Springs in 1872 and
has since been a resident of this city.
For thirty years he has been inter-
ested in mining, being a prospector in
various Colorado camps before he
opened the famous Independence Bon-
anza.

In April, 1891, having seen some
specimens of gold ore from the Crip-
ple Creek district that impressed him
favorably, he went to the town to
prospect. July 3, after weeks of fruit-
less prospecting, a man who had
agreed to grubstake him having dis-
appointed him, Stratton decided to go
to Cripple Creek and stake out a claim
on his own account. He rode the
thirty-five miles from this city to the
camp on horseback and on the morn-
ing of July 4, 1891, staked out the in-
dependence and Washington claims.
The independence gave him original
assays of \$380 to the ton, and in 1892
he leased and bonded the Washing-
ton for \$80,000. Independence yielded
Stratton millions and in 1897 it was
sold by him for \$10,000,000, he retain-
ing, however, a very considerable in-
terest.

Mr. Stratton's private charities
were boundless and his interest in the
public welfare was almost without
limit. He was the owner of the Colo-
rado Springs Street Railway system.
His wealth is estimated at from \$15,
000,000 to \$50,000,000.

WAS JAY GOULD'S TEACHER.

James Oliver Dies From a Complica-
tion of Diseases at Burlingame, Kan.

New York, Sept. 15.—Word has
been received in this city that James
Oliver, formerly proprietor of the Fer-
gusonville academy in Fergusonville
and a member of the New York state
legislature in the sixties, died dur-
ing the day in his home in Burlingame,
Kan. Death was the result
of a complication of diseases.

While in charge of a school known
as the Beechwood seminary, in Rox-
bury, Mr. Oliver had among his pupils
John Burroughs, the poet and natu-
ralist, and Jay Gould, the financier. He
was an intimate friend of the Gould
family, and was engaged to be mar-
ried to Jay Gould's sister Mary. Be-
fore the date for the wedding had
been appointed she died.

SOFT COAL \$9 PER TON.

Price in Chicago Jumps Over \$5 in
Two Weeks.

Chicago, Sept. 15.—The price of
soft coal in Chicago has risen to \$9 a
ton, as compared with \$3.75 on Sept.
1. Anthracite is practically unobtain-
able and is quoted by some dealers as
high as \$25 a ton. The sudden ad-
vance in prices is attributed to the de-
mand caused by the cold weather
which, while not severe in itself, has
aroused householders to a realization
that their bins are empty.

KNOX QUITS PARIS FOR HOME.

Attorney General Is Reluctant Regard-
ing Panama Canal Title.

Paris, Sept. 14.—Attorney General
Knox and Special Assistant Attorney
General Russell left here for Cher-
bourg during the day to embark on the
steamer St. Paul. Mr. Knox said he
had nothing to add to his statement
of Wednesday last and would reserve
his opinion of the Panama canal titles
for President Roosevelt himself.

BIG BRITISH COAL DEAL.

Mines of the Wilson and Clyde Com-
panies May Be Bought.

London, Sept. 15.—It is stated that
the representatives of a London syn-
dicate will meet at Edinburgh a fort-
night hence the directors of several
Fife coal companies and of the Wilson
and Clyde companies, with a view to
purchasing the latter's mines. The
capital of the syndicate is said to be
£10,000,000.

Death of Mrs. Richard T. Crane.

Chicago, Sept. 15.—Mrs. Eliza
Crane, wife of Richard T. Crane, a
well known elevator manufacturer of
this city, is dead at her summer home
at Lake Geneva, Wis., at seventy
years of age. Infirmities of age was
the principal cause of death. She was
born at Lockport, N. Y., but had re-
sided most of her life in Chicago.

Nonunion Man Accidentally Shot.

Tamaqua, Pa., Sept. 15.—By the ac-
cidental discharge of a Winchester
rifle in the hands of Hugh Black, a
deputy at the Lehigh Coal and Na-
vigation company's No. 4 stockade, near
Nesquehoning, Paul Haulick, a non-
union man, was instantly killed. The
bullet passed through his left lung,
coming out of his back.

MORGAN OPPOSES ROOSEVELT.

Rumored in Washington the Great
Financier Is Hostile to Him.

Washington, Sept. 15.—In political
and financial circles here, J. Pierpont
Morgan is believed to be the head and
front of the opposition to President
Roosevelt's renomination.

It is known that since his arrival
here from Europe, Mr. Morgan has
declared to a friend who stands high
in politics and finance that under no
circumstances must Roosevelt succeed
himself as president.

"He must be defeated for nomina-
tion," said Mr. Morgan, "and a safe
man must be nominated in his stead.
If he cannot be defeated for nomina-
tion then we must see that the Dem-
ocrats nominate a safe man, of the
stamp of Cleveland, whom the busi-
ness interests can support, and Roose-
velt must be defeated at the polls."

It is now recalled that within a
week after Morgan's return from Eu-
rope signs of opposition to Roose-
velt began to show themselves in
quarters Morgan is generally supposed to
influence.

Some prominent Republicans in
New York, who are known to be allied
with great corporations, asserted that
the New York state Republican con-
vention would not endorse Mr. Roose-
velt for the presidential nomination in
1904.

In fact, for the first time since the
president entered the White House, it
became apparent that there was a well
directed movement to prevent his se-
lection as his own successor.

The apparent ground for this op-
position was his attitude toward com-
binations of capital.

As there is nothing in his recent
speeches to create surprise or alarm,
there can be only conjecture as to the
real reason of Morgan's hostility.

This is said to date from the time
that President Roosevelt directed the
attorney general to bring suit against
the Northern Securities company.

Mr. Morgan, so it is reported here,
has never forgiven the president for
that unexpected action.

It will be remembered that imme-
diately after the announcement of the
proposed suit, Mr. Morgan went to
Washington for a personal interview
with the president, and said some very
plain things to him in the way of dis-
approval of the president's action.

Since then he has not disguised his
purpose to prevent, if possible, Roose-
velt's election as president in 1904.

nesota.

Mr. O'Neill is authorized to employ
fifteen assistants and more later.

Their work will be to determine the

sale of these tracts separately.

ROOSEVELT OFFENDED

REMARKABLE SERMON DELIVER-
ED DURING HIS PRESENCE
IN CHURCH.

PRaised THE PRESIDENT

During His McKinley Memorial Dis-
course Dr. Homer Washburn of an
Oyster Bay Episcopal Church Laud-
ed the Chief Executive and Referred
to His Attitude on Trusts—Mr.
Roosevelt Visibly Annoyed.

Oyster Bay, N. Y., Sept. 15.—Rev.
Dr. Homer Washburn, rector of Christ
Episcopal church, in the presence of
President Roosevelt and his family
and a congregation that filled the
church to overflowing, preached a
sermon in which he devoted con-
siderable attention to "possibility of
danger coming by and through the un-
guarded use of great wealth concen-
trated in the hands of a few," and of
which he also stated that "if ever cir-
cumstances indicated that one was
placed providentially in the executive
chair of the nation, then circumstances
that attended the promotion of Mr.
Roosevelt so indicated."

Sunday was the first anniversary of
the death of President McKinley and
the president had requested Mr.
Washburn to hold memorial services.
The announcement that this would be
done and that President Roosevelt
would be present, served to draw a
large crowd to Christ church, which
the president attends while here.

Mr. Washburn took occasion to
speak of the possibility of danger com-
ing through certain trusts, and also
to laud the president. Mr. Roosevelt
became restive. His face colored and
he plainly showed signs of disapproval
of the rector's utterances. At the con-
clusion of the sermon he turned to
Mrs. Roosevelt, who sat beside him,
and whispered: "He shouldn't have
done that."

After the service the president
stated that he had requested Mr.
Washburn to hold memorial services,
but that he had no knowledge of what
the sermon contained nor had he any
intimation that the rector would refer
to the trusts or to himself. Mr. Wash-
burn also stated that he had prepared
the sermon without consulting any
member of the president's family. In
his sermon, referring to the president
Mr. Washburn said:

"He has studied trust methods and
is convinced that the good of all de-
mands that the trusts be brought un-
der control of the national govern-
ment. Is not this sound judgment?
Is not this a conservative proposition?
How can one have any knowledge of
human nature and not see the possi-
bility of danger coming by and
through the unguarded use of great
wealth concentrated in the hands of a
few? You hear of 'good trusts' and
'bad trusts.' What does this mean, if
not that unscrupulous men already at
the head of certain trusts are planning
methods to cheat, rob and oppress?
What course will the generality of
business men pursue when they see
wealth within reach of their grasp?
To hold that no danger may come
through great accumulations of wealth
is to ignore the teachings of the holy
scriptures. From Genesis to Revela-
tion, the Bible is filled with precepts
and warnings regarding the power and
use of wealth.

NEITHER SIDE WEAKENING.

Opening of the Nineteenth Week of
the Great Anthracite Strike.

Shenandoah, Pa., Sept. 15.—Monday
began the nineteenth week of the coal
strike. The date on which Senator
Platt predicted that the strike would
end has passed and the hope which
was instilled into the people in this
locality because of that prediction has
been succeeded by a feeling that the
end is still far off.

The reiteration by the coal presi-
dents during the week that no con-
cessions would be made and the resolu-
tions passed by nearly all the local
unions of the United Mine Workers
renewing their allegiance to their of-
ficers and pledging themselves to con-
tinue the strike until concessions are
granted show that neither side to the
controversy is weakening.

General Gobin, in charge of the
state troops camped in this county,
denies that he is preparing to remove
the troops at an early date or that
he expects an order from the governor
to withdraw the troops. He says he
does not anticipate an order of that
kind until there is a settlement of the
strike.

EVIDENTLY A FAILURE.

Governor Stone's Strike Conference
Accomplished Nothing.

Wilkesbarre, Pa., Sept. 15.—Presi-
dent Mitchell is still silent on the con-
ference held with Governor Stone at
Harrisburg on Saturday. He said
that there was no change in the
strike situation.

Superintendent Barnard of the Dela-
ware, Lackawanna and Western com-
pany's collieries in the Wyoming
region, has notified Sheriff Jacobs that
additional men would be put to work
at the collieries, which resumed op-
eration last week and probably one or
two more of the mines would be start-
ed up. Superintendent Barnard fears
that the increased activity at the
mines may cause interference upon
the part of outside parties and he re-
quests the sheriff to furnish ample
protection for the workmen. Sheriff
Jacobs says he does not expect an out-
break but will have a large force of
deputies at hand to see any place in
the region where trouble should oc-
cur.

Beaumont Fire Now Out.

Beaumont, Tex., Sept. 15.—The
burning gusher went out of its own ac-
cord and the oil field is in darkness.
It is believed the well choked itself
up and that it will have to be cleaned
before it will again produce oil.
